

## Test Your Alcohol IQ Brochure Order form

The 2009 Ontario Student Drug Use and Health Survey showed that alcohol is still the most commonly used drug among high school students and that binge drinking is a frequent practice. In the words of one teen, “you forget alcohol is a drug... you just drink”.

This brochure is aimed at youth who choose to drink and their friends, although we hope the information and presentation is of interest to all teens – and to their parents and teachers and health promoters who support them. We know that the majority of high school students who drink are in grades 11 and 12, and have some experience with and knowledge of alcohol and its effects. We wanted to produce an eye-catching resource that is friendly and non-authoritarian in tone, to invite the reader to the brochure and let them make their own way through it. And we wanted it to be evidence-based – on facts that are meant to inform, not scare.

Parent Action on Drugs would like to acknowledge the assistance provided by the LCBO in producing this resource in English and French and promoting alcohol education and awareness in Ontario. There is no charge for the resource, just the shipping and handling costs.

---

I would like to order \_\_\_\_\_ copies of the *Test Your Alcohol IQ* brochure. (Shipping charges are extra)

English \_\_\_\_\_  French \_\_\_\_\_

- Please invoice me for the shipping and handling cost.
