

Order Form – “What’s With Weed”

The Kit was developed from a two-year project aimed at reducing problematic marijuana use among youth in Ontario.

The kit includes:

- A Program Coordinator's Guide: a manual which provides a step-by-step approach to recruiting and training senior students, and facilitating peer delivered workshops for junior groups. It includes activities, explanations, handouts and a CD of power point presentations for working with senior students in the recruitment process and peer leaders in the training and review process. It also introduces the Stages of Change model.
- DVD with a series of interviews between a Youth Counsellor and five marijuana users or former users.
- Youth resource (matchbook) promoting the website www.whatswithweed.ca
- Parent resource (the Facts postcard on problem marijuana use).
- Pamphlet with background information on marijuana and key education challenges for youth.

I would like to order the following products
